FORT WORTH

2012

Ft. Worth, Texas

**2012 FSPHP ANNUAL
MEETING AND CONFERENCE**

APRIL 23 - 26

Sheraton Fort Worth Hotel and Spa
Will coincide with FSMB Conference

Watch for updates at www.fsphp.org.

Purpose

The Federation of State Physician Health Programs (FSPHP) is a nonprofit corporation whose purpose is to provide a forum for education and exchange of information among state physician health programs, to develop common objectives and goals, to develop guidelines, to enhance awareness of issues related to physician health and impairment, to provide advocacy for physicians and their health issues at local, state, and national levels, and to assist state programs in their quest to protect the public.

The FSPHP recognizes the need for different approaches by individual state organizations in delivering services and is committed to working together for the safety of the public, the medical profession, and the program participants on a national level.

Each year the FSPHP holds an annual meeting attended by nearly 200 state physician health program administrators, care providers and allied health professionals dedicated to the purposes of the FSPHP and its member state programs. This is your opportunity to network with professionals dedicated to treating dependency and mental health issues facing physicians and other care providers in the United States, Canada and other parts of the world.
