Round Robin: What's Top of Mind? Pressing Challenges & Recent Wins

In this informal round robin, each organization will have a few minutes to share:

- A current challenge, concern, or obstacle you are navigating
- A recent success, accomplishment, or bright spot you'd like to celebrate

This is an opportunity for open and candid conversation, helping us better understand the experiences, priorities, and needs of organizations across the group. No solutions required, just a chance to share and connect.

*Each participant will have approximately **2–3 minutes** to speak. This timeframe may be shortened or extended depending on attendance and the overall flow of the discussion. If time permits, after the initial sharing, we will take some time to explore possible approaches and solutions together. This may include highlighting what has worked in other settings, brainstorming options, or identifying areas for future collaboration.*
