FEDERATION OF STATE PHYSICIAN HEALTH PROGRAMS (FSPHP) CONFERS FSPHP EVALUATION AND TREATMENT ACCREDITATION (FSPHP-ETA™) UPON PAVILLON INTERNATIONAL

The Federation of State Physician Health Programs (FSPHP) is proud to announce that [Pavillon International](#) has been awarded the prestigious [FSPHP-ETA™ Accreditation](#), recognizing its commitment to excellence in evaluation and treatment services for medical trainees, physicians, and other healthcare workers in safety-sensitive occupational roles. This three-year accreditation affirms national standards in healthcare professional care through a valid, reliable, and rational assessment.

“Pavillon is grateful to have earned the prestigious FSPHP-ETA accreditation, as it aligns with our vision to be a provider of choice for treatment and recovery in substance use and related disorders. This national accreditation further acknowledges Pavillon’s commitment to being a leader in the field of treating substance use disorders. We’d like to thank FSPHP for the opportunity to be recognized in this capacity and look forward to continuing to be a provider of care to occupations with safety-sensitive roles.”

[Pavillon International](#) is among the first treatment centers nationally to achieve FSPHP-ETA™ accreditation, demonstrating full compliance with standards.

Treatment centers participate in FSPHP-ETA to:

- Distinguish qualified entities that evaluate and treat healthcare workers in safety-sensitive roles.
- Enhance the effectiveness of evaluation and treatment processes to optimize outcomes.
- Demonstrate to the public a program’s dedication to high standards of quality care for safety-sensitive healthcare professionals.
- Promote the sharing of best practices to enhance transparency, accountability, consistency, and excellence while identifying opportunities for improvement.

This milestone comes at a pivotal time when the need for specialized, high-quality healthcare professional evaluation and treatment services is greater than ever.

About FSPHP: The FSPHP evolved over 30 years ago from initiatives taken by the American Medical Association, the Federation of State Medical Boards, and state medical societies. PHPs serve as a safe, confidential resource for the profession, focusing on outreach, education, and health monitoring for physicians at risk for impairment. Today, nearly every state has developed a PHP that operates within the parameters of state regulation and legislation.

The FSPHP is a non-profit 501c3 professional membership association with elected officers and an elected [Board of Directors](#). FSPHP has the largest membership in history with 50 [State Physician Health Program Members](#), and **315** total members of the association.
